

Adult Education Woodworking

From beginner to journeyman woodworker, the environment at the Wood Craft Center is one of learning, experiencing and succeeding - a place where dreams can be transformed into articles of beauty and quality.

Fairchild's Wood Craft Center is a learning place, setting high standards in adult education while making woodworking a simple, economical and gratifying experience. It is rated as one of the best in DOD in classes offered, professional instruction and patron usage. It is available for use by active duty military, retired military, authorized DOD civilian employees and their respective families. This includes appropriated and non-appropriated civilian employees and family members. Once basic woodworking skills are acquired students have the lifelong ability to produce household furniture and products to use during their leisure.

Adult Woodshop Degree

Students completing Woodworking I, II and III will receive a diploma in "Adult Woodworking" representing 140 hours of hands-on experience in contemporary woodshop. The degree stipulates that the graduate is skilled in techniques of cabinet-making, fine woodworking, joinery, sanding and finishing; that the graduate has working knowledge and experience in the use of woodshop tools and equipment including the table, radial, band, scroll, power and panel saws, hand jig and circular saws, jointer, planer, shaper and woodworking hand tools. It also states that the graduate has proven proficient in the production of wood products using a variety of joining methods including dowel, dado, rabbet, tongue & groove, biscuit, dovetail and cabinet door joints. The graduate of FAFB Wood Craft Program will have successfully produced finished products in each of the beginning, intermediate and advanced courses and accomplished high standards of woodshop safety, cleanliness, orderliness and professional woodworking ethics.

Qualification Test

Air Force regulations require all patrons to possess AF Form 1451, Equipment Qualification Card, in order to use equipment in the Wood Craft Center. This test consists of a written and a hands-on portion to test the patron's safe use of woodworking equipment. Successfully passing this test or completing Woodworking I will qualify the patron for AF Form 1451. Each base Wood Craft Center is required to issue an AF 1451 from that base (AFMAN 34-134).

Woodworking I (Beginning)

Prerequisite: None

The student will learn the basics of cabinet-making and woodworking and will construct a nightstand incorporating concepts of drawer construction, joinery, planing, shaping, gluing and oil finishing. Students will learn the use of shop equipment and proper safety procedures. Prior woodworking experience is not required. This is the first of a three-part series leading to the Adult Woodshop Degree. Class schedule will be determined on the first day. No experience required.

Woodworking II (Intermediate)

Prerequisite: Woodworking I

Students will construct a raised panel dresser with dovetailed drawers, and will further their knowledge in the use of shop equipment, construction techniques and finishing methods. This course, in sequence with Woodworking I & III, is required for the Adult Woodshop Degree.

Woodworking III (Advanced)

Prerequisite: Woodworking I & II

Students will have the choice of an advanced cabinet or woodworking project to construct. Recommended projects include a china cabinet, gun cabinet, desks or tables. Students will progress to more detailed use of shop equipment and woodworking techniques. This course, taken in sequence with Woodworking I & II, qualifies the student for the Adult Woodshop Degree.

Woodworking IV

Prerequisite: Adult Woodshop Degree

This class is for students who have completed Woodworking I, II and III and would like to continue with the advanced projects. Students can arrange any schedule during the open hours of the Wood Craft Center. The fee (\$70 per month) is calculated for any 30 day period.

2012 Schedule and Fees

Tuition is due the first night of class.
Material costs are distributed throughout the course.

Start Date	Days	Time	Duration	Tuition	Materials
------------	------	------	----------	---------	-----------

Woodworking I

(Class schedule will be determined on first day)

Start Date	Days	Time	Duration	Tuition	Materials
Jan. 4	Tue/Wed	6 - 9 p.m.	8 Weeks	\$90	plus materials
Apr. 4	Tue/Wed	6 - 9 p.m.	8 Weeks	\$90	plus materials
Jul. 11	Tue/Wed	6 - 9 p.m.	8 Weeks	\$90	plus materials
Oct. 3	Tue/Wed	6 - 9 p.m.	8 Weeks	\$90	plus materials

Woodworking II

Start Date	Days	Time	Duration	Tuition	Materials
Jan. 5	Thursday	6 - 9 p.m.	8 Weeks	\$110	plus materials
Apr. 5	Thursday	6 - 9 p.m.	8 Weeks	\$110	plus materials
Jul. 5	Thursday	6 - 9 p.m.	8 Weeks	\$110	plus materials
Oct. 4	Thursday	6 - 9 p.m.	8 Weeks	\$110	plus materials

Woodworking III

Start Date	Days	Time	Duration	Tuition	Materials
Jan. 12	Thursday	6 - 9 p.m.	8 Weeks	\$110	plus materials
